

# 1. NGSST

See “New generation SST for open ocean” in *WIM.pdf* and exercise 3.20 “Opening image files the hard way ” in *Exercises\_WIM\_WAM.pdf*.

## 2. With WAM command line programs

Use *wam\_convert\_ngsst* to convert binary NGSST files into HDF

## 3. Follow exercise “Merging SST data” in

[http://www.wimsoft.com/Exercises\\_Merging\\_SST.pdf](http://www.wimsoft.com/Exercises_Merging_SST.pdf)

## 4. Time series with NGSST data

Apply your knowledge from previous exercises to NGSST data
